FREQUENTLY ASKED QUESTIONS

SMILES SUBSCRIPTION

Am I assured of getting a ride?

As a Preferred Subscriber, you will be given priority when booking a trip. You will also receive the incentive of reserving a ride as far in the future as desired with no cancellation fee (non-subscribers can only book up to a certain point in time). In addition, as a Preferred Subscriber, there is a 90-day money-back guarantee. If you do not think this is for you in the first 90 days, then we will issue a refund for any unused, paid-for hours to that point in time.

What happens after the 90-day money back guarantee?

After 90 days, you always have the option to stop the program and bank the paid-for unused and discounted hours up to that point for future credit toward use. The bottom line: We want you happy.

What if I use all my hours upfront within the first couple of months?

You have the remainder of the year to pay your balance at \$300/month. The amount originally agreed upon will not change. If you want to start a new block of 30 hours at that time, we are happy to add that \$300/month to your monthly payment for the following 12 months.

What if I don't use my hours during the 12 months?

We will pause the \$300/month payment after 12 months, and you will bank any unused hours up to that point until you use them.

What if I use up my 30 hours in the middle of a ride?

We will bill you the additional hours for that ride at the Preferred Subscriber 20% discounted rate.

FREQUENTLY ASKED QUESTIONS (cont.)

Does the \$300/month include gratuity?

Yes.

How are the hours and payments tracked?

We will be sending a monthly statement to you showing all payments made year-to-date and the balance due for the rest of the year. It will show hours purchased, hours used that month, and any unused hours remaining. You always have the information at your fingertips to make utilization decisions in the future.
